

Community & Environment Challenge

Challenge 1

Themed Project - 'Waste'

You are challenged to make a positive change in the fight against waste in your community.

Challenge 2

Open Project

You are challenged to carry out a project that incorporates at least two of the following; Countryside, community, environment, heritage.

£800 for the overall winning project
£400 for the runners up in each category

There are numerous reasons for getting involved in work in the community! It's very rewarding & fun!!

You can learn new skills, make new friends and work as a team on projects to benefit the wider community & the environment.

Previous projects include; working with local schools on garden projects, helped renovate church halls, compiled books charting local history, helped restore local foot paths.

Get involved today!!

For more information & a registration form for your project, please contact Wales YFC
